- Familiar with network ,Linux system and other related IT knowledge
- Have experiences in deploy and configure Vmware,KVM,LAMP, Mysql
- Strong learning ability, practical ability
- Talk and write in English and Chinese
- Conscientious, Willing to help and share
- Have design experiences ,many points to think (<http://www.whsasf.com>)

self-assessment

Can join you now.The reason of leaving last job is to jump out the deep boundedness of technical support,and also want a promote in profession.I have touched many IT knowledge and customer service experiences during working life.Have higher curiosity, responsibility and learning ability .I have decided myself to focus on linux or related directions other than becoming a man knows everything a little when I' m young.

I have got good evaluations in past jobs experiences.

All the past working experiences are huge advantages for this job , wish to join , contribute and improve .

个人简历

应聘职位: **Software Engineer - Applications**

基本信息

姓名: 王海生
出生年月: 1989.02
家乡: 山东 潍坊

电话: 18612969185
邮箱: whsasfdefy@gmail.com
毕业院校: 北京邮电大学 应用物理

教育背景

2008.09-2012.06 北京邮电大学 应用物理学 获理学学士学位
主修课程: 以物理学科为主, 涉及计算机通信等学科

工作经历

2016.08 – now: Synchronoss Messaging Inc. (傲信技术北京) QA

- 负责公司邮件服务器产品后台测试任务, 以功能测试为主, 加一部分回归测试
